Just a quick question, as in the past we have not seeked concurrence for a change in bond instrument. Do we need written concurrence from the Field Office for a change in bond document? The bond amount is the same and there is a bond Rider in place naming the BLM.

Please find attached a Draft letter to release the Cash held by the the Treasurers office.

As long as the replacement bond amount is the same or more and the BLM is named and it is found acceptable by UDOGM, then it should be okay to release the previous bond. You do not need a official letter from the BLM.
